A HOLE IN THE GROUND

This "Hole in the Ground" represents the unfinished Swimming Pool.

"Mama, I Couldn't Get In"

YOUR CHILD will be six years old come November 30.

You spend days getting school clothes ready.

Your child is excited.

It will be one of the most important days in his life—that first day early in September.

He enters the first grade of school and so begins his formal education.

Some of you will accompany your child to school that first day.

Some of you will send your child to school with some else.

If you accompany your child that first day you are in for a shock soon after arriving at the school house.

If you let your child go alone, your shock will be delayed until mid-morning.

For you will, upon arriving at the school, find that there is no room for your child in the Statesboro public school.

No school room in which to start your son or daughter to school.

Or your son or daughter will return from school to tell you:

"Mama, I can't go to school."

"Why not, son?"

"Cause they have no room for me."

And your first reaction is:

"What goes on here?"

"Don't we have a school house in Statesboro?"

"Don't we pay taxes for schools?"

"I'm going to find out why my child can't get in school!"

All right—here it is:

Believe it or not, your first-grade child may not be able to get in school this September.

There is no room for additional first-year pupils in the present buildings.

When school opened in September, 1948, 96 children, 18 more than in September, 1947, came to enter school for the first time.

And there was no place to put them all!

However, none of them were sent back home.

The children were robbed of their library. The grammar school library, ten years in developing, was deactivated. The books, in their shelves, were

turned to the walls, and the library became the third section of the first grade.

And the normal growth of our community will send about 18 to 20 more children to school this September for the first time.

This September there'll not be another library to deactivate.

Three possibilities might be considered:

(1) Box off rooms in the grammar school auditorium; (2) use floor space in the gymnasium; (3) seek permission to use rooms in one of the Sunday School buildings in the city.

Nearly fifty years ago Statesboro built a school building. It was adequate.

Then, twenty-two years later, another and larger building was completed.

Now—twenty-six years later—we must do something.

Statesboro has grown and progressed—leaving her schools in the past.

It is going to take \$100,000 to bring our school up to our 1949 needs—more space for the primary grades, facilities for a junior high school, the new twelfth grade, industrial arts . . .

Statesboro holds high her head and boasts:

"Where Nature Smiles, and Progress Has the Right-of-Way."

Well, when the word gets around that your child couldn't get in the first grade because there was no room, Statesboro can't justly hold high her head and make her boast.

She must hang her head in shame and admit to "Where Nature Smiles, and Progress Has the Right-of-Way" is but a pretty phrase with which to dress up publicity.

You parents, whose children will be entering school this September for the first time—had better do some hard thinking and take some swift action.

You are here forewarned!

You know that present facilities will handle only 96 children.

You know there will be more than 96 children there that first day this September.

Ask yourself: "Will mine be one of the ninety-six?"

The challenge is to you!

Let's Hurry

New Power Quick!

IN 24 HOURS WE CAN PUT THIS ALL-NEW FIREBALL IN YOUR BUICK!

Here is new car WHOOSH you won't have to wait for—a pulse of power right off the production line.

If your Buick is a 1937 model or later, bring it in to our service department. In less than 2 days, we'll lift out the old engine and put this latest, liveliest Fireball in its place. It's all new, from carburetor to clutch—tested and tuned. The cost is surprisingly low—just about what you'd pay for a "reborn job," with a few parts replaced. Time payments will hold it down to a few dollars a month.

Drive in this week—and let us quote you the exact figure!

The Almanac Says the Weather This Week On . . .

FRIDAY, Thursday, January 20, will be clear, cool.

SATURDAY, January 21, will be looking like rain.

SUNDAY, January 22, will be cloudy; rainy looking.

MONDAY, January 23, will bring rain.

TUESDAY, January 24, will bring rain.

WEDNESDAY, January 25, will bring rain.

We wonder how our representatives are getting along in Atlanta?

We wonder if Sidney Dodd and Algire Trapnell are finding the business of making laws for the State of Georgia as confusing as a three-ring circus—seeing it all and trying to know what goes on in each ring.

Being "freshmen" this year, it is no reflection on them to bet the common wager, "a dollar to a doughnut" that they are finding with all that goes on there in the capitol in Atlanta.

Except for key members of the House and Senate, not a great many of the members of the General Assembly are able to watch the proceedings and know what's going on.

Our representatives carried to Atlanta a bill which increases the term of office for one of our county officials. It would have been to the county's advantage if they had carried a bill asking for the increase in the term of office of members of the House of Representatives.

It's not fair to our representatives who go to Atlanta for the first term and succeed only in becoming familiar with the procedure, to not give them an opportunity to back track when they have learned how to better serve their community. It's not fair to the community to send freshmen to Atlanta every session of the legislature.

PRIDE GOETH BEFORE DESTRUCTION . . .

An interesting little item entitled, "Food for Thought," has just come to our desk from a banker friend in another city. It made us have a new respect for the adage that nothing is certain in this life except death and taxes. Here is the item:

In 1923 a very important meeting was held at the Edgewater Beach Hotel in Chicago. Attending this meeting were ten of the world's most successful financiers.

Those present were:

The president of the National City Bank.

The president of the largest utility company.

The president of the largest gas company.

The greatest wheat speculator.

The president of the New York Stock Exchange.

A member of the president's cabinet.

The greatest "bear" in Wall Street.

At least, men who found the secret of "making money." Twenty-five years later, let's see where these men are:

The president of the largest independent steel company—Charles Schwab—died a bankrupt and lived on borrowed money for five years before his death.

The president of the greatest utility company—Samuel Insull died a fugitive from justice and in a foreign land.

The president of the largest gas company—Howard Hopson—is now insane.

The greatest wheat speculator—Arthur Cutten—died abroad, insolvent.

The president of the New York Stock Exchange—Richard Whitney—was recently released from Sing Sing Penitentiary.

The member of the president's cabinet—Albert Fall—was pardoned from prison so he could die at home.

The greatest "bear" in Wall Street—Jesse Livermore—died a suicide.

The head of the greatest monopoly—Ivan Kruger—died a suicide.

The president of the Bank of International Settlement—Leon Fraser—died a suicide.

All of these men learned the art of making money, but not one of them learned how to live.

We would add this postscript ourselves—a biblical quotation—for the benefit of those who are a bit too complacent at the moment about their own worldly state of affairs:

Proverbs: 16-18—Pride goeth before destruction and an haughty spirit before a fall.—Exchange.

"DOTTIE HARGROVE"

The Dream Of A Man

When he was 39 years old, Franklin D. Roosevelt was stricken with infantile paralysis. Three years later, he came to the rundown summer resort of Warm Springs to try swimming in the warm waters for improvement of his weakened legs.

In 1927, Mr. Roosevelt and a group of friends formed the Georgia Warm Springs Foundation exclusively for infantile paralysis and from this beginning, the National Foundation For Infantile Paralysis was born.

Thus, from personal tragedy and the dream of a man, came an organization which reaches polio patients and mobilizes medical forces all over the country.

Polio symptoms are so common that it is impossible for any doctor to diagnose a case until the actual paralysis occurs. Summer is the chief danger period. A child may have a fever, headache, a cold, upset stomach, or muscle soreness—symptoms which might mean flu, measles, or a cold.

He may be normal for a day or two and then suddenly sick with a high fever and painful muscles which start drawing. Hot pack treatments give relief and prevent deformity of joints.

The polio virus destroys nerve cells which soon lose their ability to send impulses to the muscles they control and paralysis results. If the nerve is only temporarily "sick" and recovers, the muscles may not respond unless they have been kept in condition through physical therapy treatments.

Bulloch county has had about 15 cases in the last 12 years. One year, there were six cases, and each child stricken lived in a different community and had no contact with any of the others.

There may have been two complete cures here—both boys. One even played basketball in high school and you could never tell he had ever been sick. There has been one death. The Polio Foundation furnished transportation for the family to Savannah while the child was being treated and paid the funeral expenses.

When the doctor finds a case, he contacts the health department which reports to the Polio Foundation in Atlanta. The foundation authorizes the calling of an ambulance which carries the patient to Augusta or Savannah, where he is isolated and treated.

Dr. Lundquist, our Bulloch Public Health Officer, says: "Georgia has been extremely fortunate for several years in not having anything but the usual rate—about 80-150 cases a year, but we cannot tell when it might strike, so we must be prepared."

"Doll" Foy On A Shopping Tour

Editor's Note: Last week we left Doll with the Belgian judge. We go shopping with her today and visit some more sights of Belgium.

Our tour today took us into one of the oldest lace factories in the country, where we bought a perfectly lovely scarf. All the laces are handmade and are world famed.

Our sightseeing today included St. Michaels Church, the largest in Belgium . . . the grave of the Unknown Soldier of World War I. We found the flame still burning at the grave, and even the Germans dared not put it out. During World War II, the flame was covered by a glass dome.

Remembering our European history, with the Battle of Waterloo, one of the most outstanding, it was with a great deal of interest that we visited the scene of that famous battle.

On our way we visited the grave of Queen Astrid. Its site joins the country estate of former King Leopold. On this estate is a Chinese restaurant into which we entered. It was bought by the king from the Paris Exposition.

We saw where Edith Cavell, famous English nurse, was shot.

On our way back to the city we passed the University of Brussels; we rode along Roosevelt Avenue, named after our own late president; the Botanical Gardens, the home of the bathosphere explorer, Picard, and many other beautiful and interesting sights.

The Belgians are enjoying prosperity now. Stores are filled with goods. Food is plentiful. Uranium and radium are sold all over the world from their South African colonies. We are one of their buyers of uranium, for use in our atomic research.

(This ends our trip to Belgium. Next week we go to Switzerland with Doll on her tour of Europe.)

Farm Bureau

OGEECHEE—

E. D. Shaw was named president of the Ogeechee Farm Bureau for this year at the regular meeting Tuesday night. Mr. Shaw succeeds Clate Mikell, who refused to serve more than one year.

To work with Mr. Shaw in 1949 the group elected I. Y. Sonmons as vice president and D. B. Franklin Jr. as secretary.

Mr. Shaw has been a Farm Bureau member for some 12 years, at Stilton and Brooklet, and now lives in the Ogeechee community.

His interest in the organization is further shown by his having gone to the national convention in December, along with Mr. Simmons.

Mr. Mikell reported that he had pledged the county library \$150 from the community and asked the members to help make it up.

WARNOCK—

Mrs. R. P. Mikell was named president of the Warnock Associated Women at an organization of these ladies Wednesday night.

Mrs. Arthur Brannen was elected vice president and Mrs. J. I. Wynn secretary. Mrs. Delmas Rushing, the county president, attended the meeting and presided.

The Warnock group instructed J. I. Wynn, their president, to make plans for another group of demonstrations in the form of cotton and corn contests, if not some other crops. Mr. Wynn announced that plans would be outlined at the February meeting.

The group tried its first "free" supper meeting and 139 members were in attendance to start off the new year.

ARTHRITIS

In a 48 page booklet, a committee of 12 of the nation's leading doctors have issued a complete report of years of research on rheumatism and arthritis.

From their findings a formula called **Ru-Tal** was then tested by physicians and clinics and has achieved remarkable results in relieving the most distressing symptoms of rheumatism and arthritis. Backache and neuralgia, sciatica, osteoarthritis, gouty arthritis, rheumatoid arthritis, and all other types of arthritis are relieved. **Ru-Tal** is available through all druggists. Free booklet must be sent to you or money refunded.

ROUND OF SOCIAL EVENTS TO PRECEDE MARRIAGE OF POPULAR COUPLE

The social calendar up to February 9 gains lustre from the series of parties planned for Miss Virginia Rushing, bride-elect. On Friday morning, Mrs. Ernest Rushing complimented Miss Rushing at morning coffee at Sewell House. The spring season was reflected in the use of narcissi and flowering quince in the decorations.

The guests were served party sandwiches, dainty cut-outs of stars, moons, pine trees and other artistic designs, and an exclusive recipe of date nut ball with coffee.

A large bouquet of sunset carnations was presented the honor guest. Mrs. Rushing's gift to Miss Rushing was a piece of silver in the Strasbourg pattern.

In two contests the honoree won a box of stationery, and Mrs. Earl Allen won a compact.

Guests included Miss Rushing, Mrs. T. E. Rushing, Mrs. A. J. Trappell, Mrs. Bill Peck, Mrs. Bernard Scott, Mrs. Jack Tillman, Mrs. Earl Allen, Mrs. Charles Brannen, Mrs. Hal Macon Jr., Mrs. Fred Darby, Miss Louise Wilson, Betty Tillman and Virginia Durlin.

The bride-elect will wear a white tulle gown with a wide white sash and a wide white belt.

Mrs. CHAS. A. JACKSON, JR. TO RESUME STUDIES

Mrs. Charles A. Jackson, wife of the pastor of the First Methodist Church, will leave today for Baltimore, Md., where she will receive the Bachelor of Science degree in the Maryland Institute of Arts. Mrs. Jackson will be away for the spring quarter and her plans are to take a refresher course.

BECKY BRANNEN OBSERVES FOURTH BIRTHDAY AT HOME

Mrs. W. W. Brannen commemorated her daughter, Becky, on her fourth birthday with a delightful party at her home on Savannah avenue. The favors were balloons and the refreshments consisted of cake, ice cream and punch.

Becky's grandmother, Mrs. W. E. Brannen, assisted the birthday girl in growing up. She is a member of the American Legion Auxiliary and is a member of the church choir.

NEW ARRIVALS

Mr. and Mrs. W. J. Smith announce the birth of a son, John Larry, January 16 at the Bulloch County Hospital. Mrs. Smith was formerly Miss Daisy Edwards, of Egypt.

Mr. and Mrs. James A. Cason announce the birth of a son on January 11 at the Bulloch County Hospital. He has been named James Arthur, Mrs. Cason, before her marriage, was Miss Ouida Tankersley.

Mr. and Mrs. Olin Smith, Mrs. C. P. Olliff and Mrs. Alfred Dorman were visitors in Savannah on Wednesday.

Forestry Notes

By J. W. ROBERTS

Bulloch County Protective Unit

The Bulloch County Protection Unit personnel suppressed two wild fires last month. The first was reported December 14 by James C. Turner. It was burning on the lands of Mr. Sanford, near Emerson, Collins, Wrecking, on the Register road. The fire was very easily brought under control with a loss of only three acres. The other fire was burning near Brooklet on lands of Mr. McCormick. This fire was reported by the Arveyton landman, Mr. R. E. Ellis. Mrs. McCormick suffered a loss of only one acre. The small loss was due to the alertness of Mr. Ellis and Toggie Dickerson, the patrolman on duty in that section of the county.

During this season of the year control fires can be very easily become wild. In the morning or early afternoon the grass and leaves are plenty dry to feed the flames. Control burning should be done in late afternoon or night, getting on his neighbor's land.

TWO NEGROES TO DO STUDENT TEACHING AT WILLOW HILL SCHOOL

Joshua Phelps and Earl Chapman, of the Fort Valley State College, majoring in agricultural education, arrived here Saturday last week to do student teaching at the Willow Hill Junior High School.

The Willow Hill school is one of eight training centers in the state under provisions of the state plan for vocational education in agriculture. The State Division of Vocational Education is cooperating with the Fort Valley State College in conducting a program for training young teachers of vocational agriculture for employment in public schools, of the state.

The work of Phelps and Chapman will be under the supervision of John W. Lawton, vocational agriculture teacher in Bulloch County. They will be in training through March 18.

While in Bulloch county these student teachers will aim at developing methods, procedures and techniques used in teaching; to develop a working knowledge of the job of a teacher of vocational agriculture.

Their work will be under the inspection of Prof. Benjamin S. Anderson, of the Fort Valley college.

After cool dampness has set in, never attempt to burn on windy days or when the wind is shifty. The county fire fighting personnel have been instructed to do this.

During this season of the year control fires can be very easily become wild. In the morning or early afternoon the grass and leaves are plenty dry to feed the flames. Control burning should be done in late afternoon or night, getting on his neighbor's land.

BILL OF SALE TO SECURE DEBT

GEORGIA, Bulloch County. Under and by virtue of the powers of sale conferred by a certain Bill of Sale to Secure Debt executed and delivered by Aubrey Barnhill to Reconstruction Finance Corporation dated December 30, 1946, and recorded January 11, 1947, in Record No. 108, Page 322, Clerk's Office, Superior Court, Bulloch County, Georgia, there will be sold by Reconstruction Finance Corporation at public auction in front of the court house door in Statesboro, Bulloch County, Georgia, on the first Tuesday in February, 1947, within the legal hours of sale, the following described personal property:

One (1) six-foot double duty Warren Motor Display Case, electrically cooled, Model 1200, with one two-foot extension counter. Serial No. 46-5337.

One (1) Sanitary Computing Scale, Model 4255, Serial No. 152-634.

The security instrument referred to above was given to secure an indebtedness of ONE THOUSAND (\$1,000.00) DOLLARS, payable at the rate of \$28.57 per month, together with interest at the rate of 1 percent per annum on the unpaid balance. The note evidencing the indebtedness and the security instrument referred to above provide that upon the non-payment of the indebtedness or any part thereof when due, whether by acceleration or otherwise, or the failure on the part of Aubrey Earl Barnhill to perform any covenant or agreement set forth in said security instrument or the note secured thereby, Reconstruction Finance Corporation may declare the entire indebtedness due and payable.

Aubrey Earl Smith has defaulted in the monthly payments due the 4th days of September, October, November and December, 1946, and Reconstruction Finance Corporation has declared the entire indebtedness due and payable and said sale will be made for the purpose of paying the balance of \$465.74 due on principal, together with interest, to wit: the sum of \$93.20 up to February 1, 1947, and the expense of this sale. The surplus, if any, will be turned over to Aubrey Earl Barnhill.

Military Rites for Frank Blackburn

Funeral services were held at the Baptist Church Monday afternoon for Frank Blackburn, son of Mrs. L. R. Blackburn and the late L. R. Blackburn, with Elder Henry Waters and Rev. John Burch in charge.

Full military honors were accorded by the local National Guardsmen, the American Legion, and the Veterans of Foreign Wars.

Members of the two veteran's organizations served as honorary pallbearers.

Active pallbearers were M. M. Waters, Messrs. Darden, Bill Alderman, B. V. Collins, Pete Tankersley, and Walter Aldred. The Smith-Tillman Mortuary was in charge of the arrangements.

Mr. Blackburn, an employee of Walter Aldred Company, was killed almost instantly Saturday night when the car in which he and Sam Martin of Statesboro were driving to Savannah smashed into the rear of a parked pulp truck without lights, near Bloomingdale. Martin was slightly hurt.

Mr. Blackburn, well known in Statesboro, and widely known in the building business, was a veteran of World War II with nearly 32 months of service, of which 20 was foreign service. During his service he was awarded the good conduct medal, the Bronze Star, the combat infantry badge, and a Presidential Citation.

Young Blackburn entered the army in March, 1943, and was assigned to the 83 Infantry Division. He took part in five major battles in Europe including Normandy, Northern France, Ardennes, Rhineland, and Central Europe. Twice he was reported missing. Following one battle his unit moved so fast that he was forced to report to another unit and was assigned to the 157th Engineer Battalion. He was discharged on January 5, 1946.

He is survived by his mother, Mrs. L. R. Blackburn, two brothers, Carl Blackburn and Wilbur Blackburn of Statesboro, and three sisters, Mrs. Harry Evans, Newington, Mrs. A. L. Waller, Statesboro and Mrs. Sidney Thompson, Sylvania.

Visiting Teachers Hold Meeting Here With Forty Present

The Visiting Teachers Association of the First District met here on Thursday of last week. Representatives from 16 of the district's 18 counties were at the meeting to discuss the subject "Pupil Adjustment."

Mrs. Ozie Mobley of Screven County, and Miss Maude Wade of Bulloch County led the discussion from the viewpoint of the visiting teacher. Mr. Paul Calhoun of Montgomery County, and W. O. Phillips of Emanuel County, represented the county school superintendents; Robert F. Young of Bulloch, and Thomas Edwards, Bryan, led the discussion from the principal's viewpoint.

More than 40 educators attended the meeting.

"None of us," Mr. Allen continued, "can afford to take chances with a possible polio epidemic this coming summer. But all of us can afford a dime or a dollar toward assurance that we will be ready should infantile paralysis hit our county this year."

The "Fats" borrowed Jack Smith and the "Slims" borrowed Bert Briggs from Statesboro. They will try to prove to the donkeys that they too still know what a basketball is for.

It is understood that many citizens over the county made applications to prove themselves smarter than these reputedly smartest donkeys in existence. The selectors of the teams chose the teams named as the best to represent the county in this forthcoming battle of wits between the "Fats" and their donkeys and the "Slims" and their donkeys.

Fun is promised all. Game time is 8 p. m. Admission is 60 cents and 30 cents.

Hudson Allen Is County Fair Head

Hudson Allen was named general chairman of the Bulloch county fair at a meeting of the fair committee Saturday. Cecil Kennedy was named co-chairman. Mr. Allen succeeds C. M. Cowart, who refused to serve another year due to his other duties with the Farm Bureau and school activities. Rufus G. Brannen was named secretary and treasurer.

The group voted to offer the entire promotion of the fair to the PTA for 1949 and suggested Sept. 26 to October 1 as the best possible date for holding the fair this year. The second choice of time for holding the fair was September 19 to 24.

Mr. Brannen reported that the present committee had cleared \$1,915.25 during the past two years. This money, according to the group Saturday, would be held in the treasury to make up any losses that might occur due to adverse weather and other reasons. Mr. Brannen pointed out that as long as he had anything to do with the fair he wanted to make certain all premiums were paid off and that this money would be used to that end.

Mr. Allen said, "Bulloch county resident have responded generously, but if the goal for the county is to be reached, the efforts of every Bulloch county resident must be redoubled."

"None of us," Mr. Allen continued, "can afford to take chances with a possible polio epidemic this coming summer. But all of us can afford a dime or a dollar toward assurance that we will be ready should infantile paralysis hit our county this year."
